

## Grow – Healthy (Structure)

Exploring what ‘growing a healthy church which multiplies’ means. A church which progresses from infancy to maturity is a healthy church. So what do mean by ‘healthy’? In this session we will explore traits of a growing, healthy church: a church which has peace (church-culture/DNA), a church which is built up (church-structure).

**J. D. Gilmore** is the Acts 29 Regional Lead for South East Europe. He was born in Italy, where his parents were missionaries. God’s grace opened his eyes to the good news of the gospel as a teenager. J. D. and his wife are passionate about the spread of the gospel in Italy, where they have been involved in church planting for many years. He now coordinates [Impatto \(Acts 29\)](#) in Italy) as well as being involved in setting up gospel-centred movements in Italy and the Balkans.

*Acts 9:31 - “So the church throughout all Judea and Galilee and Samaria had peace and was being built up. And walking in the fear of the Lord and in the comfort of the Holy Spirit, it multiplied.”*
