

# Connected Leadership for Emerging Leaders: On being fully human

**Who am I?**

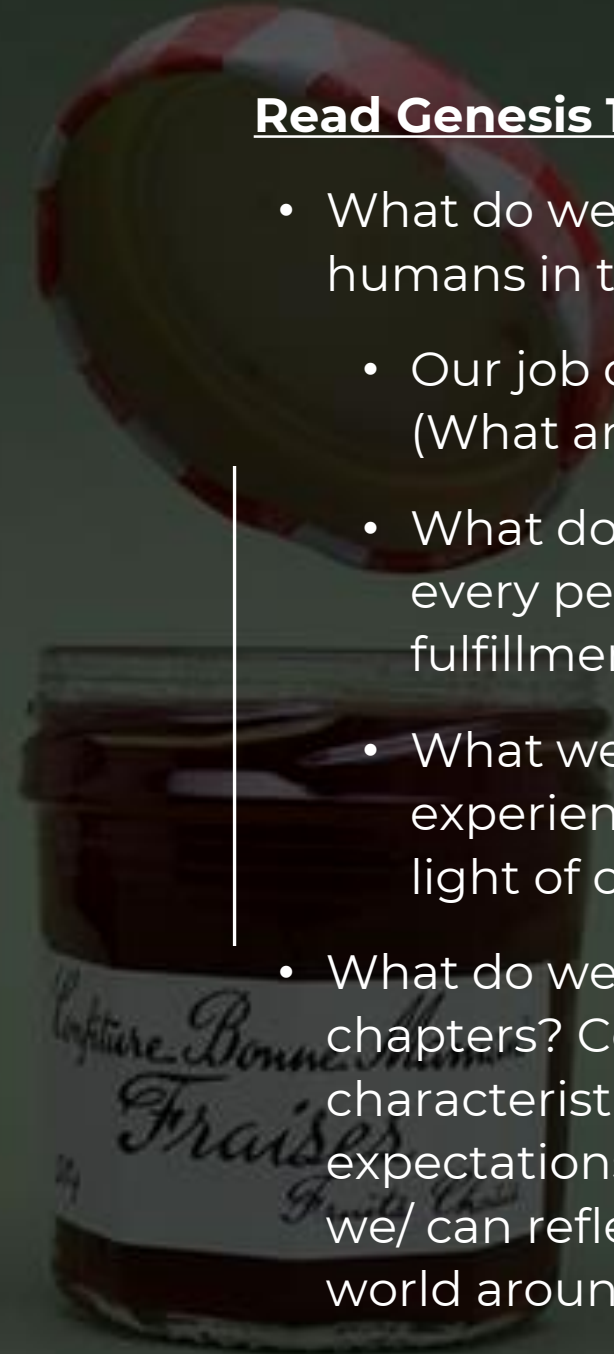

## Questions for group discussion

- What happens if things do not change in your friends' life?
- What are the root cause of why your friend finds themselves struggling in secret? (Consider all the things described in the case study as the symptoms of deeper issues. What are they?)
- What do you think a good life for this person looks like?

## Read Genesis 1,2+3

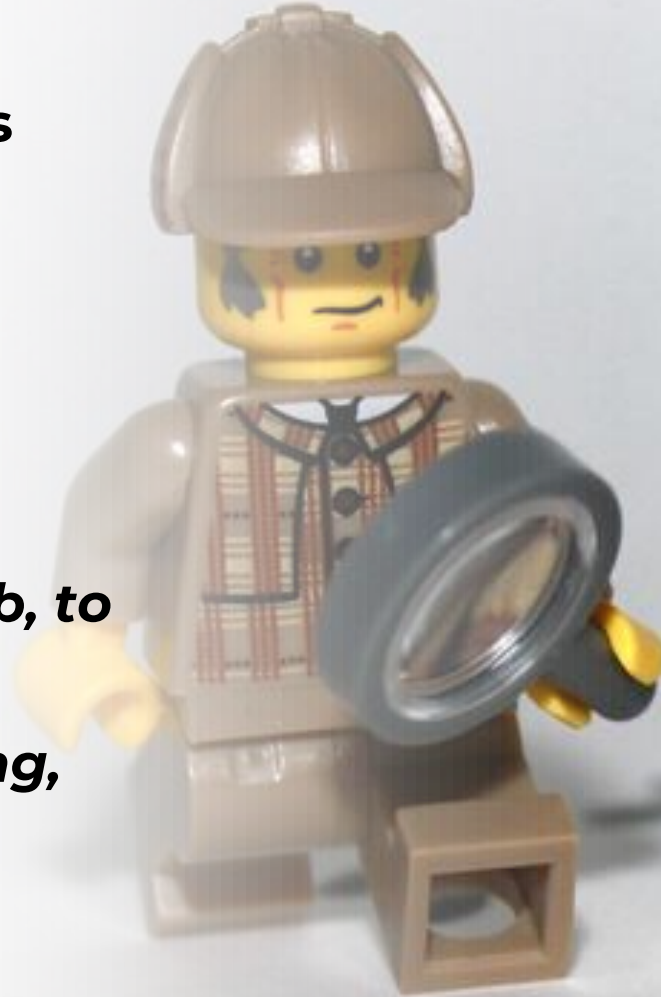

- What do we learn about ourselves/humans in these chapters?
  - Our job description as humans? (What are we 'called' to do?)
  - What do we learn about how every person will flourish and find fulfillment?
  - What we can expect our experience of life to be like in light of chapter 3?
- What do we learn about God in these chapters? Consider God's characteristics, His actions, and his expectations of us. In what ways do we/ can reflect God's image to the world around us?
