

How Do we Lead with Theological Consistency and be Missionally Intentional?

The missional mandate of the Church planter demands a large degree of culture exegesis and contextualization. The luring danger of mission drift is one of the many risk factors that the church planter needs to be aware of. This seminar will focus on some non-negotiable, timeless spiritual leadership principles of Jesus, and show how these can be practiced in the life and work of the church planter.

Øystein Gjerme is founding and lead pastor of Salt Bergen City Church in Norway. The church is a multisite church, currently meeting in two locations and planting a third site. In addition to the local church involvement, he is the Chairman of the Board of the Norwegian School for Leadership and Theology.
